*Ancestral Echoes and Neurobiological Resilience: Confronting  
Historical Trauma to Advance Black Mental Health*

## Prospectus

New Orleans, LA | March 26-29, 2026

# About

## MISSION

The mission of The Black Psychiatrists of America is to address issues affecting the mental health of African people worldwide with special emphasis on persons of African descent in the Americas and to provide a forum for continuing education for those who provide psychiatric care to these underserved population groups.

## OBJECTIVES

To improve the treatment, care, and rehabilitation of persons affected with mental disorders, developmental and emotional disabilities.

To develop and implement programs that work to eliminate racial, ethnic, religious, and gender bias and discrimination.

To establish and support standards in psychiatric practice, service, and facilities.

To promote research and professional education in those areas of psychiatry.
